**Washington, DC** — The National Committee of Asian American Republicans (Asian.GOP) wishes to congratulate Congressman Paul D. Ryan (Wisconsin) for his re-election to a second term as the 55th Speaker of the House of Representatives.

Congressman Ryan has an illustrious record of supporting job growth, maintaining fiscal responsibility, reducing government regulations, controlling health care costs and supporting quality health care, and promoting industry innovation. We are confident that Speaker Ryan will be an effective partner with incoming President Donald J. Trump in Making America Great Again.

“Asian Americans are the fastest growing minority in the United States and are contributing immensely to the U.S. economy. Together, they bring annually \$1 trillion in GDP and provide much of the scientific, technical, legal, and managerial/finance expertise that spurs America’s growth. The National Committee of Asian American Republicans looks forward to working with Speaker Paul Ryan and with President Donald Trump and Vice President Mike Pence, along with other Asian Americans and Pacific Islanders, in helping to make our country safe, secure, and economically vibrant,” said Cliff Li, Executive Director of Asian.GOP.
